Our mission is to understand the needs of our clients and supply them with modern and innovative solutions through research and analysis, training/education and conference support, especially – but not exclusively - in the field of health. We provide competitive solutions which contribute to the development and growth of our client's market position and customer satisfaction.

ZiZ - PROFESSIONAL CONFERENCE ORGANIZER

ZiZ is the proud PCO of this year's WONCA Europe Conference. We have 13 years of experience acting as a Professional Conference Organizer for Polish and international audiences. We have a wide-range of know-how - organizing and preparing medical/health-related events ranging from small meetings, trainings and seminars, to large international congresses of several thousand participants. As a Professional Conference Organizer, ZiZ is a specialist in all areas of event management. We work with our partners providing our expertise to make the right decisions for the complete range of organizational issues such as venue selection, conference structure, financing and sponsorship, and many of the other complex areas involved with the events.

INTERNATIONAL PROJECTS

Our International Projects team at ZiZ focuses on bridging together European and other international partners with Polish health professionals and resources. Our staff have years of experience managing and coordinating European Union and other grantors - funded grants, which include many partners from across Europe and beyond. The main areas our International Projects team is aimed at: analysis, advice and consulting, education, and training. We have strong experience writing and carrying out EU supported grants.

CONSULTING & RESEARCH

Our Consulting and Research Team is made up of health and management experts in advancing innovative practices in the health sector. We aim to provide clients with expertise to improve their abilities to influence health outcomes.

*It has been a pleasure working with all of you
and hope - we can provide you our services
again in future !*
